OVERVIEW

Cold rooms, walk-in chillers and freezers

We work for restaurants, shops, food producers, warehouses and other businesses that need chilled or frozen storage, from compact walk-in rooms to large chilled warehouse space.

Refrigeration equipment comes from established brands such as Searle, Friga-Bohn and LU-VE, and our F-Gas certified engineers handle the refrigeration, including refrigerant leak detection. Every cold room is priced after a site survey.

Built to fit

Walk-in chillers and freezer rooms custom designed for your space.

Modular and flexible

Cam-locking panel joints, a choice of doors and several flooring options.

Proven equipment

Refrigeration from established brands such as Searle, Friga-Bohn and LU-VE.

Looked after

Planned maintenance, temperature monitoring and leak detection from F-Gas certified engineers.

What we build and maintain

- Walk-in chillers and freezer rooms
- Modular cold rooms with a choice of doors and flooring
- Cold stores and chilled warehouses
- Warehouse and loading bay temperature control
- Upgrades and changes to existing cold rooms
- Planned maintenance, temperature monitoring, leak detection and door open alarms

Who we work for

Restaurants, shops, food producers, warehouses and any business that needs chilled or frozen storage in London.

HOW IT WORKS

From first contact to aftercare

01
Tell us what you need to store
Chilled or frozen, roughly how much, and where the room will go.

02
Site survey
We look at the space, power, access and where the refrigeration plant can sit.

03
Design and quote
Size, temperature, doors and flooring are agreed and priced from the survey.

04
Build and commissioning
We install the room and refrigeration and check it reaches temperature before handover.

05
Aftercare
Planned maintenance, temperature monitoring and reporting, leak detection and door alarms.

Areas we cover

Based in Barnet, North London, working across London and Greater London.

North & Central: City of London, Westminster, Camden, Islington, Barnet, Enfield, Haringey

East: Hackney, Tower Hamlets, Newham, Waltham Forest, Redbridge, Havering, Barking and Dagenham

South: Southwark, Lambeth, Lewisham, Greenwich, Bexley, Bromley, Croydon, Sutton, Merton, Wandsworth

West: Kensington and Chelsea, Hammersmith and Fulham, Ealing, Brent, Harrow, Hillingdon, Hounslow, Richmond upon Thames, Kingston upon Thames

Accreditations

- Refcom F-Gas company certificate
- RECC member

Read every review on Google and Trustpilot, linked from heatmasterlondon.co.uk/reviews/.

What types of cold room do you install?
Walk-in chillers, walk-in freezers, modular cold rooms, cold stores and chilled warehouse space.

Do you repair existing cold rooms?
Yes. We repair, maintain and upgrade existing cold rooms, chillers and freezer rooms.

How is a cold room priced?
After a site survey, because size, temperature, doors, flooring and plant position all change the cost.

Engineer-checked
A qualified Heatmaster engineer reviews every job. If something is unclear, we ask rather than guess.

Explained first
You are told what is needed, and why, before any work goes ahead.

Local to London
Based in Barnet, North London, with engineers working across every London borough.
